

OMHA

OCEANSIDE MANUFACTURED HOMEOWNERS ALLIANCE INC.

Membership Form

OMHA’s priority is to keep our members well informed of their rights as homeowners living in a manufactured home in the City of Oceanside. OMHA supports State and Federal organizations who share the same goals as OMHA, and actively lobby and pass laws to benefit our members. We also alert our members on city, state and federal programs they may benefit from, as well as important current issues.

OMHA is a 501 C4, and your dues help OMHA contribute to candidates who support Oceanside's Rent Control Ordinance, 16B! We have been advocating for better city/state policies to improve and safeguard our home investment and lifestyle since 2004. In 2011 three Oceanside City Councilmen eliminated rent control, and the new ordinance allowed rent increases without limit. Esther Sanchez helped OMHA build a coalition of groups to defeat this effort by adding an initiative to the ballot in 2012 to keep rent control and we were successful!

And the work continues!

Here is what our Mayor, Esther Sanchez has to say about OMHA...

“For years, OMHA, an ardent supporter of our Oceanside Mobile Home Rent Control Ordinance, has worked diligently and effectively in educating mobile homeowners regarding their rights and park owners responsibilities. I highly recommend that every Oceanside mobile homeowner join!”

- Esther Sanchez, Mayor of the City of Oceanside
